Paternoster Catalogue. We produce an annual complete catalogue, together with an interim supplementary catalogue which is published 6 months after the complete catalogue and so bridges the annual gap. If you do not receive these, then please write to our Mailing Dept at the address shown on the front of this order form and ask to be included on our regular mailing list. Journal subscribers are not normally sent copies of our catalogues, but we are always happy to do so upon application.

Engage. Engage has received a wide welcome, and now presents journal subscribers, who receive copies free of charge, with a splendid opportunity to purchase a wide range of the very best in academic books and titles on Church Life and Leadership at specially reduced rates. The choice is not limited to Paternoster titles, and we would encourage readers to take advantage of the offers detailed in Engage.

TWO IMPORTANT REMINDERS:

1. Credit Card Security Codes:

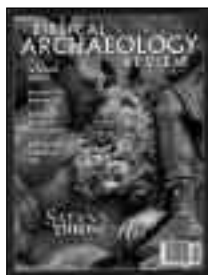

In order to help avoid Credit Card fraud, our bankers have asked that in future all Credit Card transactions should include the three digit Security Code. This appears on the reverse of your card in the signature space – we require only the last three digits. A space has been left for you to include this on the renewal form opposite.

2. Missing Copy Claims:

We are currently experiencing a very large number of these. To ensure that copies reach you will you please include a **named individual** as recipient for your subscription – particularly if you are an institutional subscriber. In future we shall only be able to accept claims for missing issues up to six months after the currency of issue (for example, for a **July-September** issue no claim will be accepted after the following **March 31st**).
